

We're delighted to invite you.....

..... to College Unraveled

a parent's guide to today's college admissions

Join Francine Schwartz M.A., LPC, NCC, Founder of Pathfinder Counseling LLC, as she uses her 35 years of experience as a Licensed Professional Counselor, Certified School Counselor and Independent Educational Consultant to unravel the mystery behind the college search and application process. College Unraveled focuses on the ways parents of ninth through eleventh grade students can best assist their children in making future educational plans.

Presented as a series of four evening parent workshops, each session concentrates on a vital part of the process. Since each session builds on what came before, you'll want to attend the entire series.

1. Options in Post-Secondary Education – College options, the realities of admissions today, selectivity, ways to help your child
2. The College Search – Finding schools that fit, campus visits, crafting a college list
3. The Application Process – How and when to apply, the parts of the application, how admissions decisions are made
4. Paying for College – Scholarships and Financial Aid

To insure that parents get the most out of these workshops, participation is limited to twenty-five families. You'll come away with a parent manual to help guide you through the process, a list of valuable resources, and a clear understanding of the ways in which you can help your child to identify and apply to colleges that truly "fit".
